

ROMEO CHORA
IP Technical Manager
rchora@dumont.com.mx

Romeo joined Dumont in 2010 as a Patent Analyst and is now the Manager of the Technical Team. His practice focuses on counseling regarding the technical aspects of the substantive examination stage across sectors including mechanical, electrical, chemical, pharmaceutical, biotechnological, industrial designs, and utility models. Other aspects of his practice include freedom-to-operate searches, patentability advice, and technical opinions in relation to infringement of patents. As Manager of the Technical Team, Romeo is responsible for advising the firm's clients on patentability issues involving both technical and legal matters.

He is member of professional national organizations such as the Asociación Mexicana para la Protección de la Propiedad Intelectual (AMPPPI) and Colegio Nacional de Químicos Farmacéuticos Biólogos México A.C. (CNQFB).

Languages: Spanish and English.
